Important production information and technical details from TOGA

## An extensive range of alloy towers available from **TOGA HIRE CENTRES**

**TOGA HIRE CENTRES** can supply alloy towers for all types of building, roofing and exterior work.

Toga Hire Centres use The Klik Ladder Frame Aluminium Tower manufactured and supplied by Euro Towers Ltd. Euro Towers Ltd are members of PASMA and whereas some towers simply conform these towers are approved to GS DIN BS EN1004 European Standard. Furthermore Mr Roger Verallo, MD of Euro Towers, is currently chairman of PASMA, so you can be sure that TOGA's Towers will always be at the forefront of compliance and development.

Our extensive range includes ...

- *Light, ready-to-erect towers*
- *Narrow width towers for restricted spaces*
- *Stairwell towers*
- *Special applications*
- *Step-up towers*
- *Podium towers*
- *Bridging decks*
